BREEDING

My lifelong passion for dogs began in early childhood, but my first steps in the show world started with a Bichon Frise female who became an International Champion. Through the show circuit, I met my future husband, Sasa Grujic, and together we founded our kennel **D'lva Boston**, dedicated to the Boston Terrier breed. Since 2017, D'lva Boston has produced numerous high-quality dogs with outstanding temperaments and breed type, including Junior World and Junior European Winners, as well as multiple International and National Champions.
